

eluminocity GmbH, Karlstraße 96, 80335 München

Press Release
July 11, 2016

Relaunch of the eluminocity Website.

MUNICH. The redesigned website features a fresh and completely revised look with the new eluminocity brand identity. Special emphasis is placed on user-friendly and target-group-specific contents in all aspects of e-Mobility, LED street lighting and urban connectivity. The website provides improved navigation and functionality to visitors with all the important information at a glance. The new design allows users to quickly find the contents they are looking for from the main page. In addition, the simplified main menu highlights the innovative products of eluminocity and visitors can contact us smoothly and directly. We hope you enjoy our website.

eluminocity developed in cooperation with the BMW Group the modular product system "Light & Charge" to transform street lights into charging stations for electric vehicles. eluminocity offers full-coverage retrofit of street lights with highly efficient LED lighting combined with integrated EV charging solutions in a fully connected system. "Light & Charge" is already installed in several major cities such as Munich, Chicago, Eindhoven or Starnberg.
